Attorneys for Applicant

Whereas I, the undersigned, **Randall Y. Grimes**, have made certain inventions or discoveries (or both) set forth in an application for Letters Patent of the United States of America entitled, **DEVICES AND METHODS FOR PERCUTANEOUS MITRAL VALVE REPAIR**, identified as Attorney Docket No. **27227-31**, which application was executed by me of even date herewith, or was filed on 10/13/99, as Serial Number

Whereas, **The General Hospital Corporation, d/b/a Massachusetts General Hospital**, a Massachusetts corporation having a place of business at **55 Fruit Street, Boston, MA 02114**, and **The Georgia Tech Research Corporation**, a Georgia corporation having a place of business at **400 Tenth Street, Atlanta, GA 30332-0415**, both of which, together with their successors and assigns, are hereinafter called "**Assignees**," are both desirous of acquiring the title, rights, benefits and privileges hereinafter recited;

1. Assign, transfer and convey to the Assignees jointly a complete and undivided joint right, title and interest in and to said inventions and discoveries, said application for Letters Patent of the United States of America, any and all other applications for Letters Patent on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation, reissue and Convention applications based in whole or in part upon said inventions or discoveries, or upon said applications, and any and all Letters Patent, reissues, reexaminations, and extensions of Letters Patent granted for said inventions and discoveries or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said discoveries, said applications and said Letters Patent;

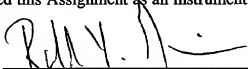

3. Authorize and request the Commissioner of Patents and Trademarks of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters Patent to Assignees, as assignees of the entire right, title and interest therein or otherwise as Assignees may direct;

4. Warrant that I have not knowingly conveyed to others any right in said inventions, discoveries, applications or patents or any license to use the same or to make, use or sell anything embodying or utilizing any of said inventions or discoveries; and that I have good right to assign the same to Assignees without encumbrance;

5. Bind my heirs, legal representatives and assigns, as well as myself, to do, upon Assignees' request and at Assignees' expense, but without additional consideration to me or them, all acts reasonably serving to assure that the said inventions and discoveries, the said patent applications and the said Letters Patent shall be held and enjoyed jointly by each of the Assignees as fully and entirely as the same could have been held and enjoyed by me, my heirs, legal representatives and assigns if this assignment had not been made; and particularly to execute and deliver to Assignees all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignees; to communicate to Assignees all facts known to me relating to said inventions and discoveries or the history thereof; and to furnish Assignees with any and all documents, photographs, models, samples and other physical exhibits in my control or in the control of my heirs, legal representatives or assigns which may be useful for establishing the facts of my conceptions, disclosures, and reduction to practice of said inventions and discoveries.

In testimony of which I have executed this Assignment as an instrument under seal on the date indicated next to my name.

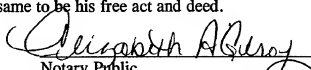

Dated: 10/1/99
